

I feel like a fish.

I can't do this any

I'm so detached from the world more...

My emotion is like ...

water. I can't control the flow... But most of the time I'm HAPPY.

Don't talk to me ...  
Just leave me be ...

I can't breathe ...

Somebody help me ?

Actually just leave me be ... I'll be fine

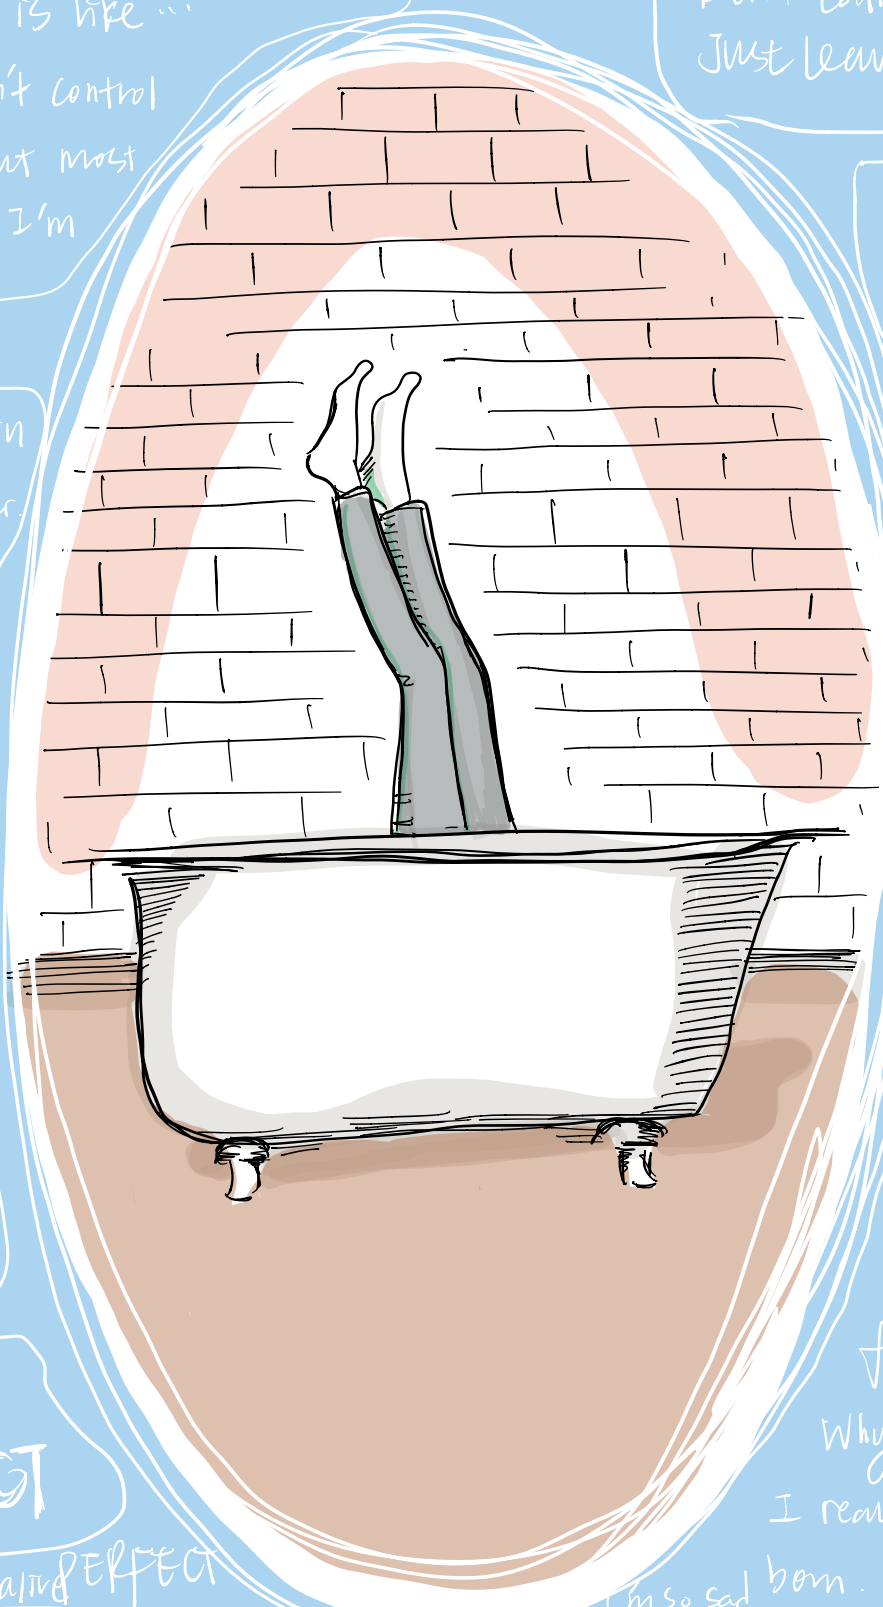

I'm free in this water.

I can breathe.

I can control my body.

I feel

**FREE**

I'm tired of the way I am, the way I look, everything. I don't look as good as before. I got fat. My hair doesn't look healthy. My friends don't like me.

Why am I ~~still~~ **PERFECT** alive?

I really wish I wasn't

born. I'm such a burden to everyone ... Oh my poor parents ... I'm so sad

I'm a bit

I'm

**PERFECT**

Why am I still alive **PERFECT**

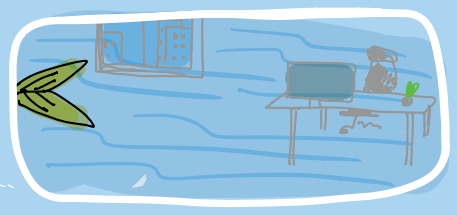

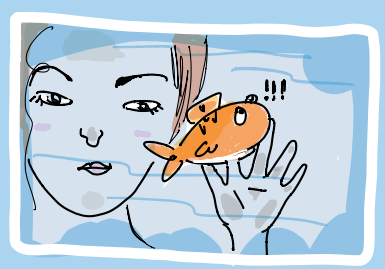

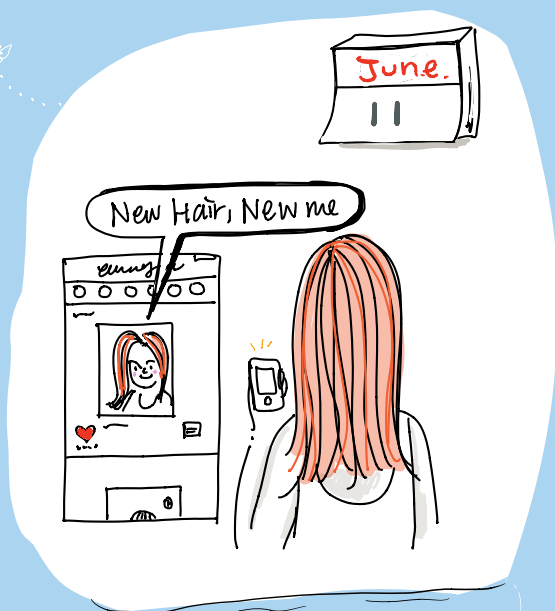

I'm **PERFECT**

I'm **PERFECT**

I'm **PERFECT**

I'm so sad

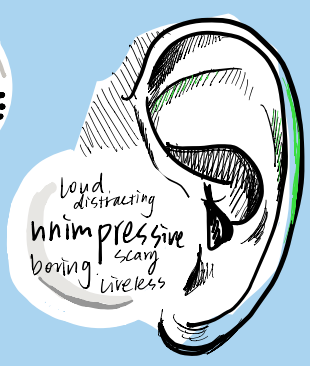

burden. I'm **PERFECT**

What a minute. This might be funnn

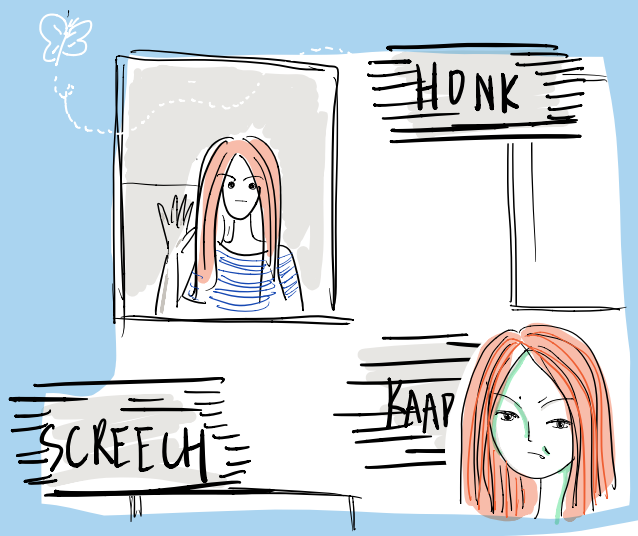

BURBLE

BURBLE

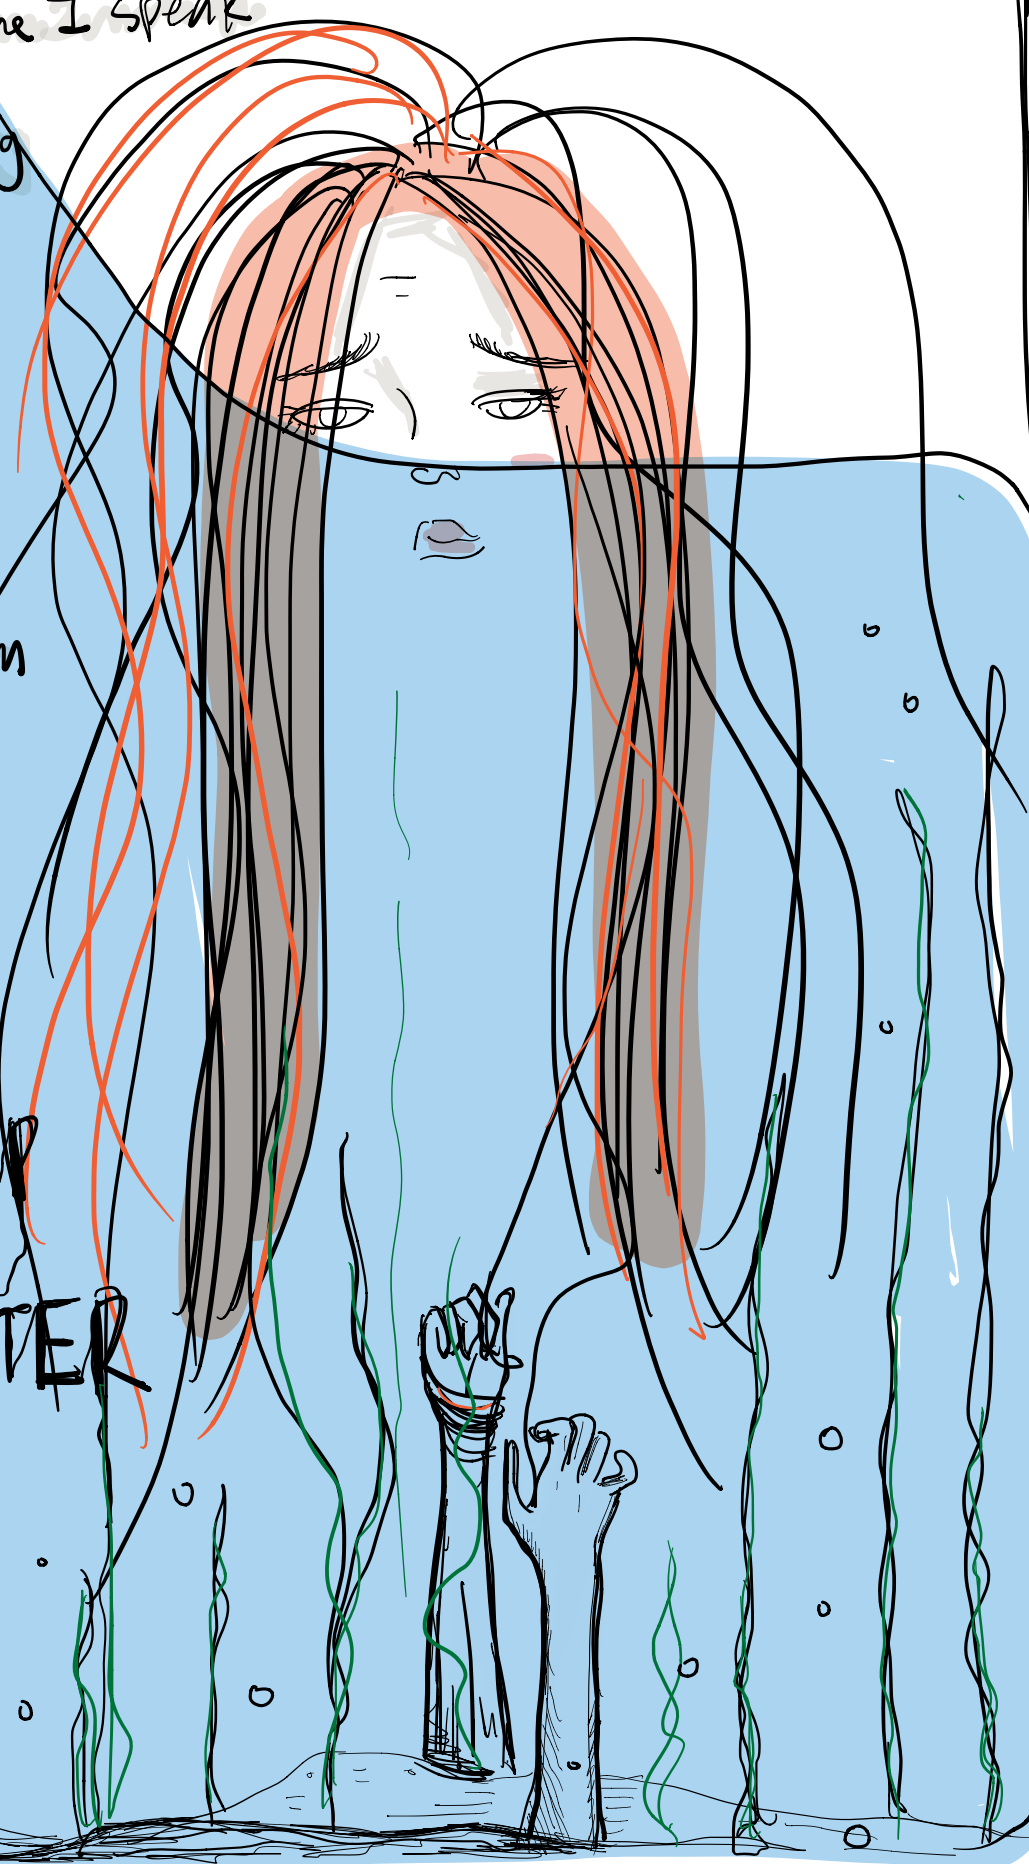

loud, distracting, unimpressive, boring, lame, lifeless

BLOOP

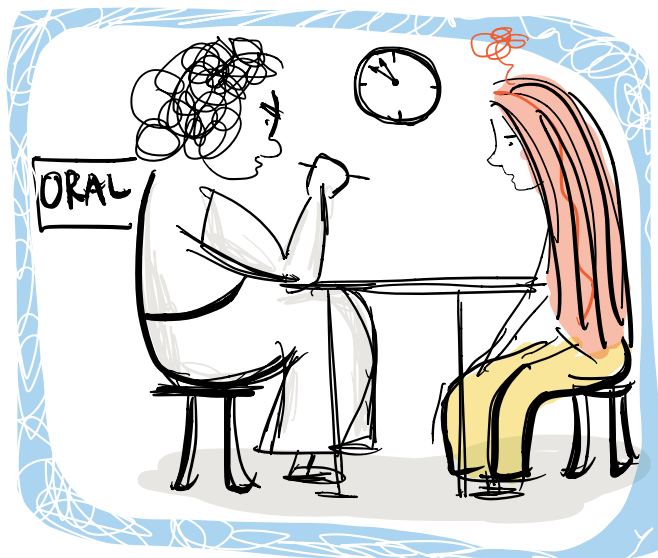

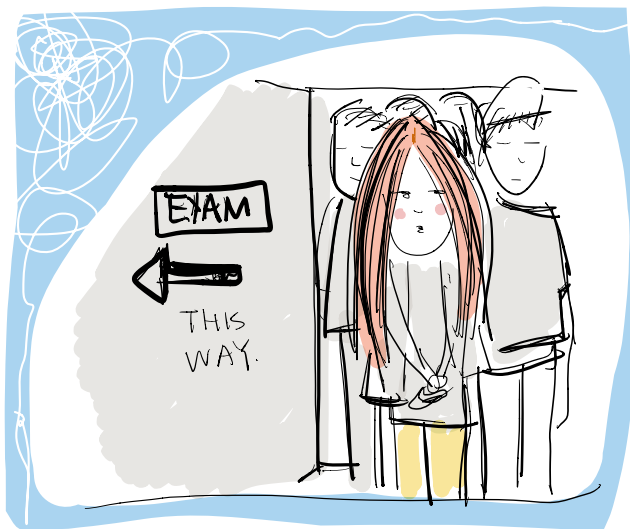

Everytime I speak

Something  
Inside  
me  
Sinks  
To  
THE  
BOTTOM  
OF  
THE  
DEEP  
DEEP  
WATER

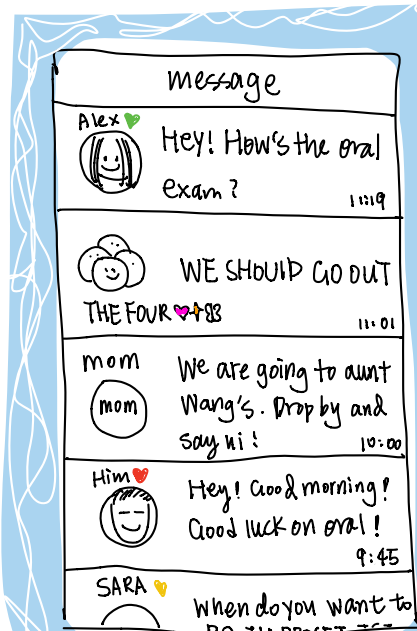

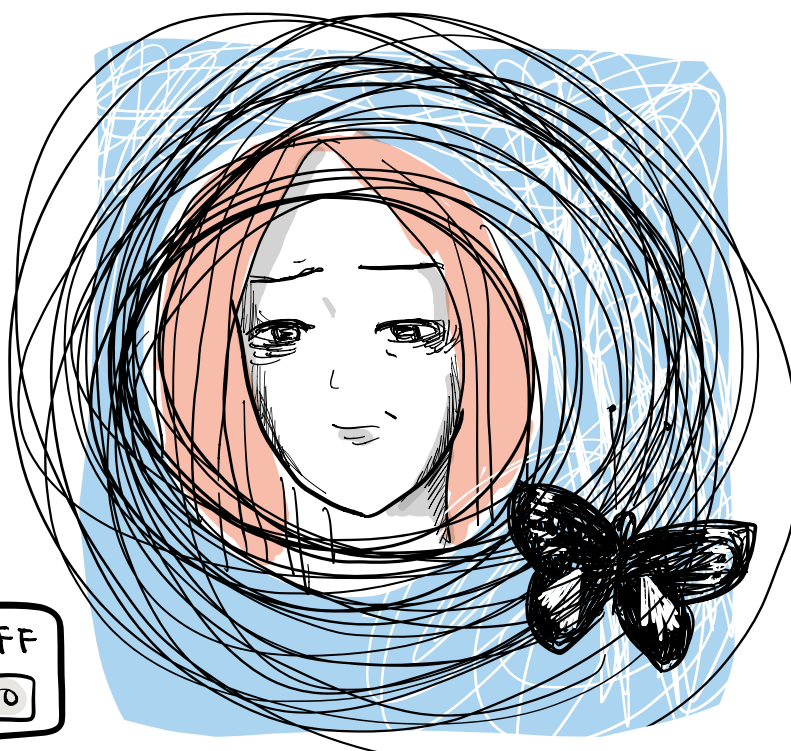

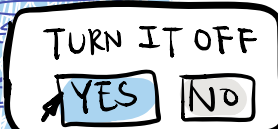

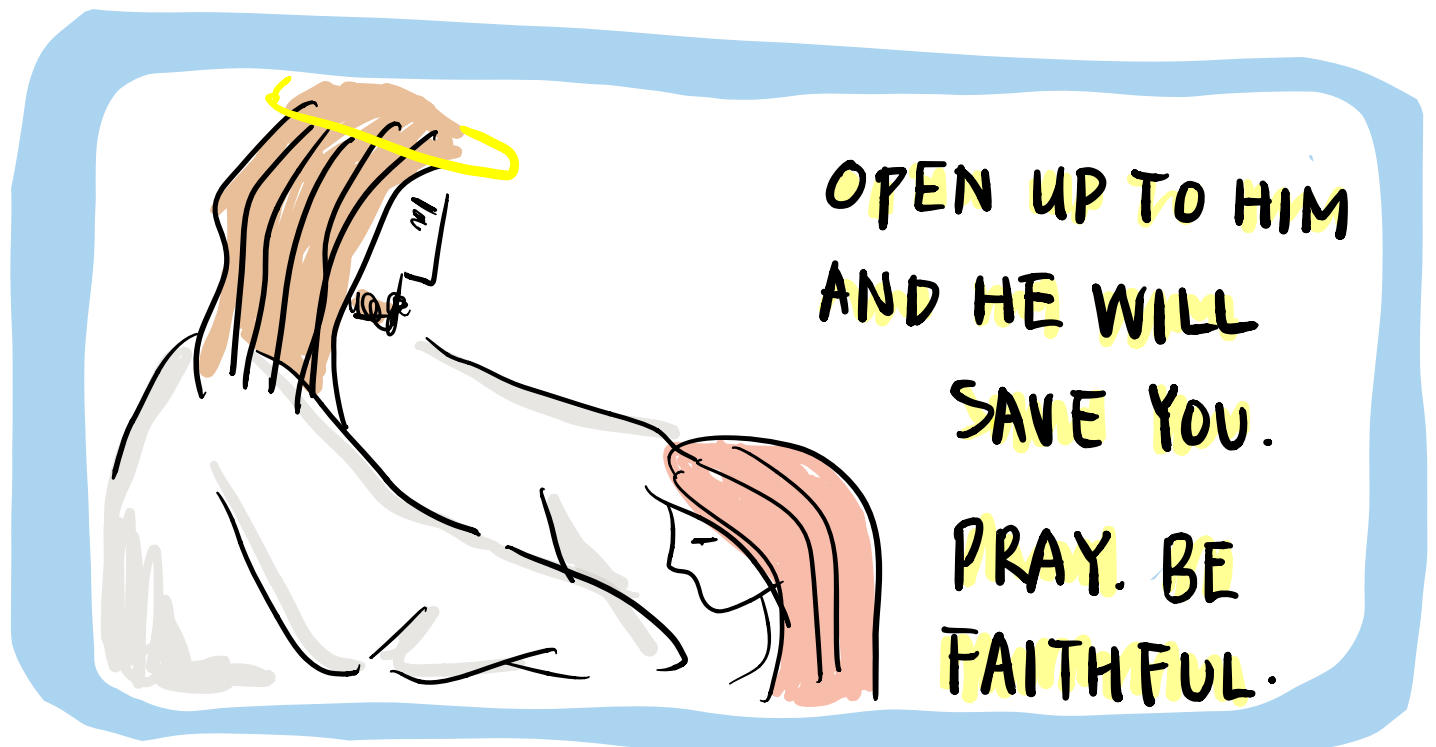

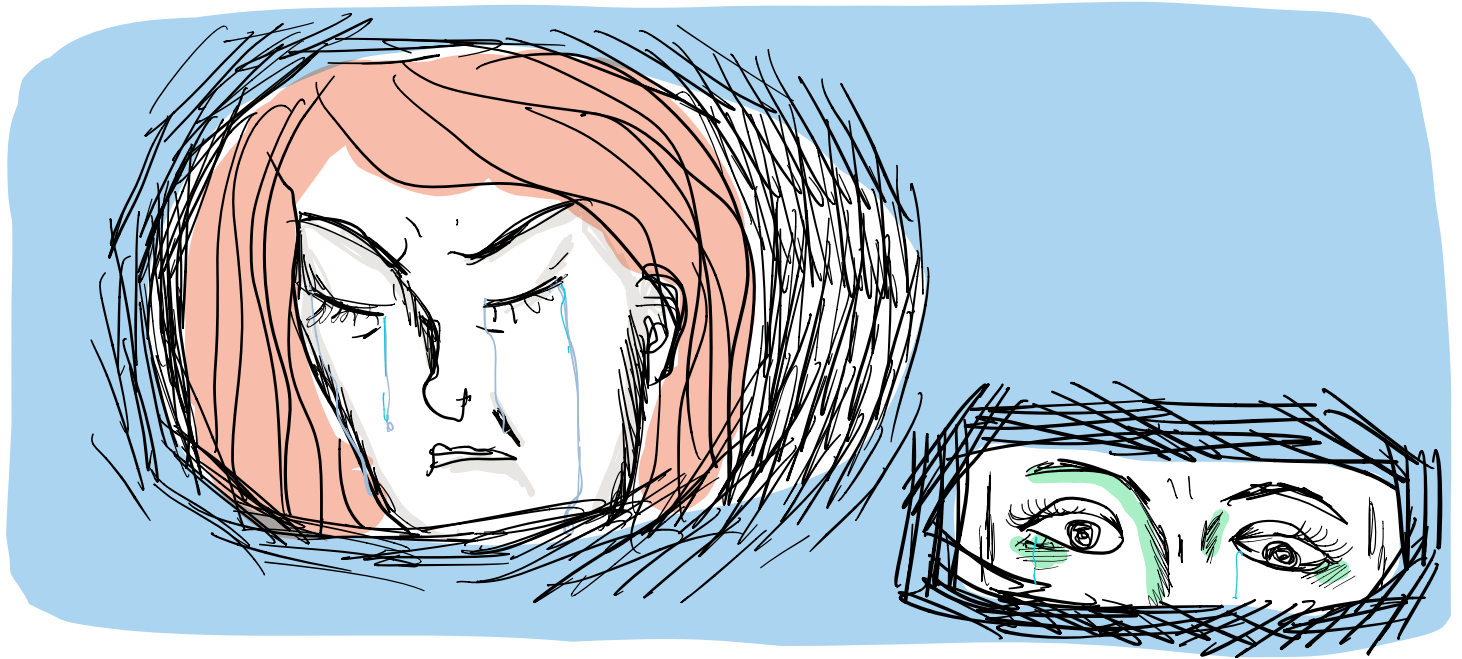

I did a terrible job. I'll never pass this oral exam.

I'm never good at anything. What's the point of studying if we are all going to end up dying at some point. WHAT'S THE POINT I just want to go home. Leave me ALONE. Leave me ALONE.
